

TurboFil's In-Line Crimper can automatically crimp caps and spray pumps onto bottles or vials at speeds of up to 60 bottles per minute without the need for change parts (for different bottles). This machine is a stand-alone unit with an anodized aluminium frame and leveling feet that can be attached to your existing conveyor, or we can supply the conveyor.

Features

- Stainless steel mounting post with height adjustment
- Photo-eye sensor detects position of the bottle to be crimped
- Programmable Logic Control (PLC)
- Explosion-proof model optional

Key Benefits

- Very easy to use
- Compact - small footprint
- Cost effective
- No change parts for different bottles

Specifications

Cap sizes..... Up to 20 mm standard; custom sizes available
SpeedUp to 60 bottles per minute
